PROFILE

B.Tech Computer Science student at APJ Abdul Kalam Technological University (KTU) with strong interest in AI, image processing, and software development. Experienced in participating in hackathons, buildathons, and innovation programs, including being a District Level Winner at Young Innovators Programme (YIP 8.0). Skilled in Python, AI-based solutions, and collaborative project development, with a passion for building technology that solves real-world problems.

CERTIFICATION

ACHIEVEMENTS & HACKATHONS

Young Innovators Programme (YIP 8.0), Kerala 2025

District Level Winner – Awarded ₹25,000

• Selected as a **District Level Winner** in the Young Innovators Programme organized by K-DISC.

• Developed **AdHydra**, an ad-funded sustainable model providing free drinking water using paper bottles.

• Selected for **state-level evaluation**.

Buildathon 2026, SJCET Palai 2026

AI Healthcare Project

• Participated in Buildathon and attended the bootcamp "**Assistive Origins: Design for Dignity**."

• Developed **CureSense**, an AI-based treatment resistance and chronic disease monitoring system.

• Designed to help doctors predict treatment failure and enable early intervention.

AI Hackathons – Gnosis (CET Trivandrum) & HashItUp (Kuttikkanam) 2025-2026

AI-Based Innovation Projects

• Developed **AI multilingual audio monitoring system** using offline speech recognition and NLP for threat detection.

• Built **True Shade**, an assistive tool for colour-blind individuals using real-time image analysis.

• Used technologies including **Python, OpenCV, TensorFlow, and React Native**.

EDUCATION

Higher Secondary 2022-2024

S M V Higher Secondary School

Bachelor of Technology(Computer Science) 2024 - Present

St Joseph's College of Engineering and Technology | KTU University
